Andy is reading a children’s magazine about Mars. Look at the table and answer the questions on the next page.

Children Magazine

Mars — The Red Planet

All of us live on Earth. We know much about our home planet. Do you know anything about other planets like Mars? Let’s learn more now!

Question	Answer
How big is Mars?	It is 6,779 km across (about half the size of Earth). It is the second smallest planet in the solar system.
How cold can it be?	-153°C.
How hot can it be?	20°C.
Why is it called the Red Planet?	Because of its red soil.
Can we breathe air on Mars?	No.
Does it have a moon?	It has two moons.
How long is a year on Mars?	687 Earth days.
Is there life on Mars?	Scientists are still looking for life on Mars.

Date: _____

Andy is doing a quiz in the magazine. Tick (✓) if the sentence is correct.

Test yourself!
